Portfolio

DSE-trained broker candidate and third-year accounting student with hands-on financial modeling (DCF, 3-statement) and accounting ERP experience; open to traineeships and relocation.

EDUCATION

Aleppo University — *Aleppo*

Bachelor's in Economics, Accounting Specialization – Third Year — *Expected graduation: 2028*

Relevant coursework: Financial Accounting, Cost & Managerial Accounting, Financial Markets, Financial Statement Analysis, Auditing, Corporate Finance & Banking.

EXPERIENCE – CERTIFICATIONS & TRAINING

Damascus Securities Exchange (DSE) — *Damascus*

Financial Broker – Training Program — *September 2026*

- Studied market regulations, trading mechanics, order execution, investor advisory and market surveillance.
- Gained hands-on experience with more than 70 real-world scenarios a broker may face.
- Passed the final practical assessment exam with zero execution errors.

University of Geneva & UBS — *Scholarship*

Investment Management Specialization — *2026*

- Performed fundamental securities analysis, examining financial statement health, cost of capital and relative valuation metrics.
- Performed a financial analysis of a DSE-listed company.
- Built fully functional three-statement and DCF models in Excel to assess financial health and risk.

Accounting Software Systems (MENA) — *Aleppo*

Al-Ameen, Al-Bazar, Al-Muhtaseb, Al-Rasheed, Wakeed — *2025 – 2026*

- Executed full accounting cycles across standard regional ERPs, including journal entries, chart-of-accounts customization and trial balance generation.
- Extracted and structured periodic financial reports (Balance Sheet, P&L, Cash Flow) to evaluate liquidity, debt coverage and operational efficiency.

Data Analytics Mini-Diploma (via Coursera) — *In progress – expected Nov 2026*

Syrian Youth Assembly (تجمع الشباب السوري)

- Courses from IBM, Johns Hopkins, Microsoft and Fractal Analytics: data analytics, data cleaning, Excel, Power BI, IBM Cognos, data visualization and storytelling.
